## «Shades Systems»

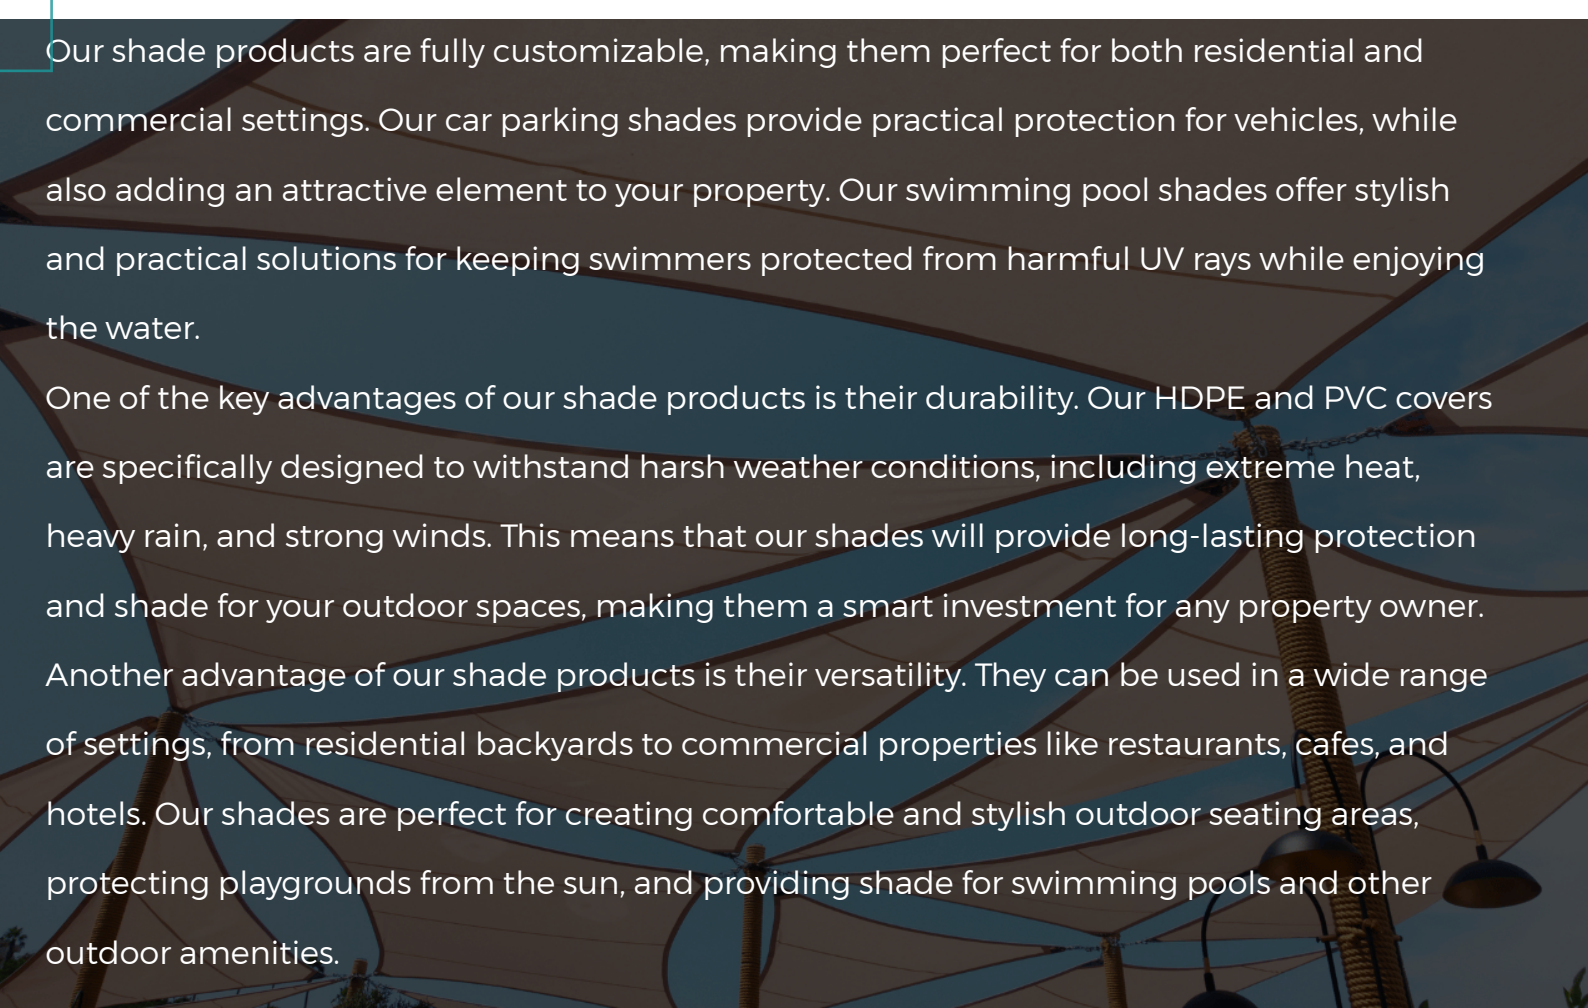

## «Sunshades & Tents»

Introducing Flezco Shades, your one-stop-shop for high-quality, custom-made shade solutions. Our company specializes in designing, manufacturing, and installing a wide range of shade products, including shade sails, tensile shades, shade structures, car parking shades, and swimming pool shades. Our shades are made from the finest materials, including HDPE and PVC covers, ensuring durability and long-lasting protection against harsh weather conditions.

Our shade products are fully customizable, making them perfect for both residential and commercial settings. Our car parking shades provide practical protection for vehicles, while also adding an attractive element to your property. Our swimming pool shades offer stylish and practical solutions for keeping swimmers protected from harmful UV rays while enjoying the water.

One of the key advantages of our shade products is their durability. Our HDPE and PVC covers are specifically designed to withstand harsh weather conditions, including extreme heat, heavy rain, and strong winds. This means that our shades will provide long-lasting protection and shade for your outdoor spaces, making them a smart investment for any property owner. Another advantage of our shade products is their versatility. They can be used in a wide range of settings, from residential backyards to commercial properties like restaurants, cafes, and hotels. Our shades are perfect for creating comfortable and stylish outdoor seating areas, protecting playgrounds from the sun, and providing shade for swimming pools and other outdoor amenities.

## Our Projects

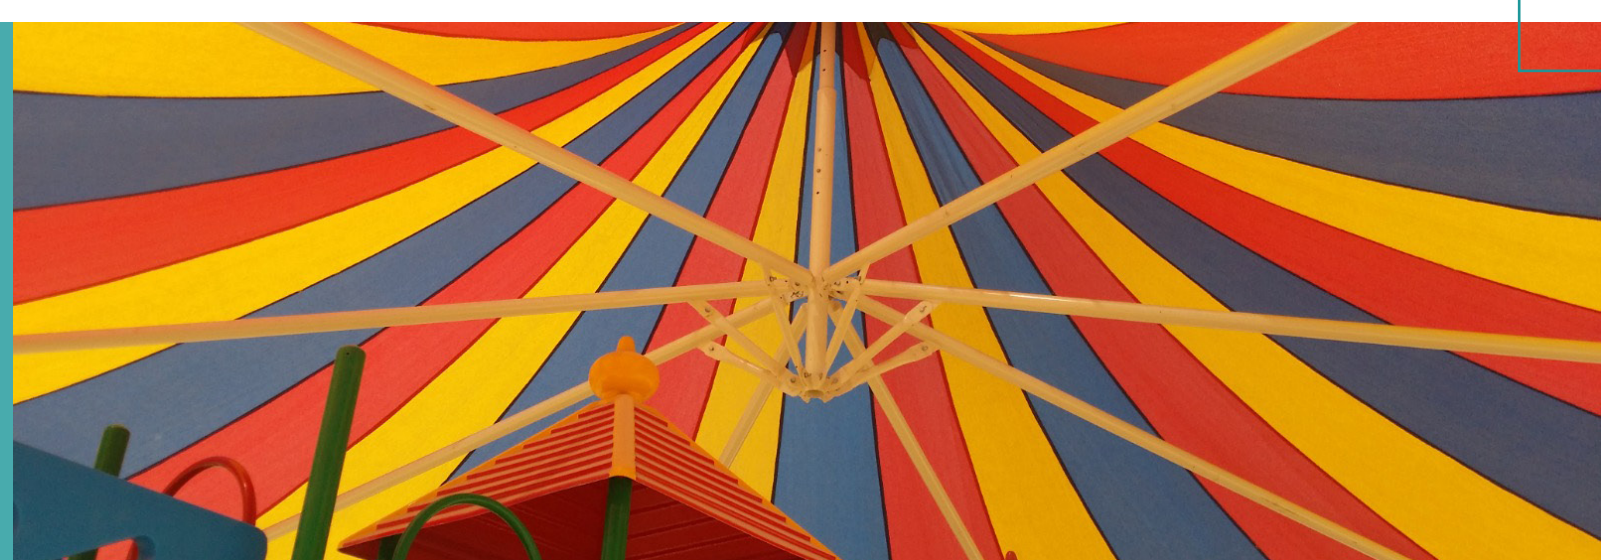

We are pleased the project of building metal structures, and parking umbrellas for Pepsi Jeddah has been completed. With its implementation, Pepsi staff will benefit from a modern and durable solution to its parking needs. The new facilities will also significantly boost the metallurgical and construction industries of the industrial city. In addition, the industrial town can now enjoy having a reliable source of iron and parachute products. The completion of this project is a testament to our team's hard work and dedication, making it a source of great pride for all concerned.

Our commitment to excellence is what distinguishes us from other companies in the industry. We are committed to providing our customers with the best possible results and ensuring that all projects are delivered on time and within budget.

We are pleased to implement the children's play and shading area project of the Saudi Electricity Company in Ahsa. This project is part of a more extensive environmental program that seeks to preserve the Kingdom's natural beauty and ensure children have access to educational opportunities and activities. The project will install and equip various game areas in public parks, providing a safe space for children to play and explore. We are confident that this initiative will help create a more vibrant environment for locals and tourists.
